“Slow Medicine, Fast Medicine: Taking a Different Perspective”
Presented by Victoria Sweet, MD, PhD

Dr. Sweet is an Associate Clinical Professor of Medicine at the University of California, San Francisco, and a prize-winning historian with a Ph.D. in medical history. She practiced medicine for twenty years at Laguna Honda Hospital in San Francisco. In her prize-winning book, God’s Hotel: A Doctor, a Hospital, and a Pilgrimage to the Heart of Medicine (Riverhead, 2012), she lays out her evidence—in stories of her patients and her hospital—for some radically new ideas about medicine and healthcare.
